

ATKINSON TOWERS INC.
QUESTIONNAIRE FOR ALL RESIDENTS
February 2006

In an effort to better protect our residents here at Atkinson Towers, I have volunteered to head up a new SAFETY COMMITTEE. It will only work well with your help.

The idea is to have one or two people per floor responsible for alerting residents in the event of a fire, hurricane or tsunami. Those Floor Captains will need to know who, on their assigned floor, is hearing or seeing impaired, and who might have difficulty maneuvering the stairs. They will also have to know which of your neighbors here in Atkinson has a spare key to your apartment in the event of an emergency.

Regarding that spare key, the office will not accept that responsibility – it is up to you to choose someone you trust, and that person must live here in Atkinson. In an emergency when there is an immediate need to enter your apartment, it would do little good to rely on an agent or a relative living elsewhere.

A few years ago Mike Polovcin, Jean Carr and myself sent out a questionnaire asking who wanted to keep their storm screens and who would volunteer to serve on a Task Force to help warn people about an oncoming storm – to assure the securing of the screens. I still have that list and would like to call upon those same people to once again volunteer as a Floor Captain.

Chuck Linster	Mike Dickson	Young Ja Piho	Tommy Tomlinson
Nelson Lee	Ed Wiggers	Guy Kirkman	Hajime Tsukikawa
Jim Welsh	Debbie Frette	Bobbie Jennings	Jean Carr
Mike Polovcin	Ashley Ennis	Al Linster	Ed Conway
Linda Hirsch	Cora Yee		

As you can see, we need several more volunteers to cover all the floors. I'm envisioning a need for two per floor.

As I said at the top, this effort to make all of us safer will only work with your involvement.. Many thanks in advance for caring about our Atkinson community.
